

# Tudor Roof Tile Co. Limited

Tudor Roof Tile Co. Limited enjoys a long history of commitment to our employees, the communities where we operate, our customers and the environment.

We believe that it is important to treat our environment with care and preserve it for generations to come.

We are committed to go beyond what is required and adopt the principle of 'doing what is right'.

- To ethically source all raw materials from sustainable supplies.
- To meet or exceed all Local, County and National environmental regulations.
- To continuously monitor, evaluate and improve the environmental impact of activities at the factory in Lydd.
- To continuously monitor and invest in resources to lower the energy employed per tile manufactured.
- To minimize any waste production throughout our business footprints and continuously strive to develop consistent methods of recycling.
- To educate and empower employees to implement our environmental practices and objectives on a daily basis.
- To provide customers "no cost" advice on product life cycle advances.

Paul John Lythgoe
